

Premium Series

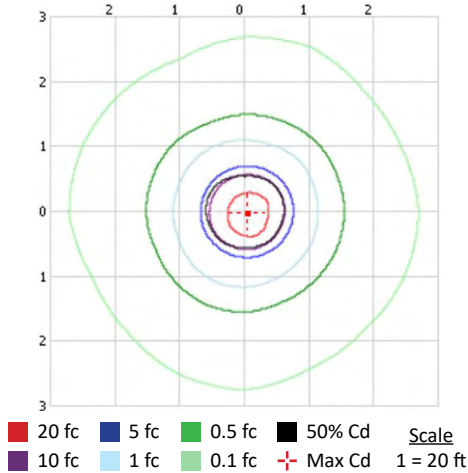

400W High Bay

L x W x H = 19" x 19" x 19.5"

Watts	Lumens	lm/W
400	43,560	108.9

Footcandle Plot for 200W High Bay @ 20 ft

Description

Carson's 19" 400W circular LED acrylic high bay delivers 360 degree illumination with performance equal to 1000W metal halide high bay luminaire. Compatible with emergency batteries, the acrylic or industrial high bay mounts with a hook or lock nut adapter used in retail stores, gymnasiums, or applications with high ceilings.

Key Features

- Uses CREE chip & Carson driver
- Rated for 50,000 hours
- 10 year warranty
- 109 lumens per watt
- Power Factor: 0.91
- Input voltage: AC 110V-277V
- Mounting: aluminum alloy hook or lock nut adapter
- Sunon fan pulls rising heat waves
- UV-stabilized lighting grade prismatic acrylic reflector
- Compressed fin rivets maximizes rising heat flow
- Cataphoretic paint coating is corrosion resistant
- Replaces 1000W metal halide fixture
- Emergency battery add-on option
- Annual Savings of \$367.92

Calculations are based on 4,380 annual hours of operation and \$0.14 average cost per kWh
