

Premium Series

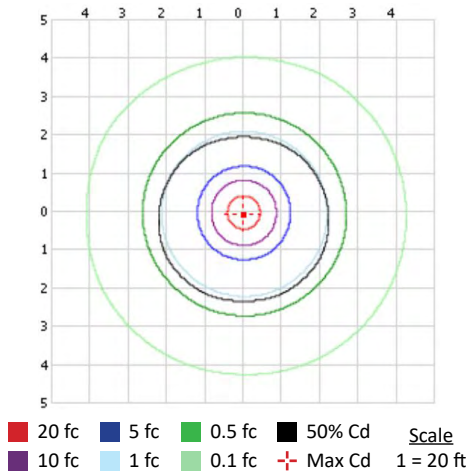

375W Street Light

L x W x H = 24.25" x 15" x 6.75"

Watts	Lumens	lm/W
368	32,394	88.0

Footcandle Plot @ 20 ft

Description

Carson's 368W LED thin profile street light replaces 1000W high pressure sodium fixtures at 30 to 40 feet mounting height. The metal-core circuit board and aluminum heat sink design maximize thermal efficiency in an enclosed fixture. An arm or slip-fit mounts to parking lot poles, or trunnion mounts to building facades.

Key Features

- Uses Epistar SMD2835 chip
- Rated for 50,000 hours
- 5 year warranty
- IP rating: IP65
- 88 lumens per watt
- Power Factor: 0.986
- Input voltage: AC 110V-277V
- LED quantity: 90 chips
- Arm, slip-fit, or trunnion mount
- Architectural UV resistant white powder coated finish
- Metal-core PCB and aluminum heat sink absorbs heat
- Vented housing isolates LED module from driver
- Silicone gasketing seals lens (for wet locations)
- Annual Savings of \$383.25

Calculations are based on 4,380 annual hours of operation and \$0.14 average cost per kWh
